Mazkur maqolada Fitratning Navoiy forsiy merosini chuqur tahlil qilib, uni forsiy adabiyotining yuksak vakili sifatida tasdiqlaydi. U Navoiyni faqat turkiy adabiyot emas, balki forsiy adabiyoti tarixining ham yirik siymosi sifatida tan olgan va bu g'oyani ilmiy asosda isbotlab bergan hamda Alisher Navoiyning turli janrlardagi ijodiyotining tahlil va talqinlari, asarlarining nomlanish sabablari hamda undagi tasavvufiy g'oyalar ilmiy asosda yoritilgan. Fitrat Navoiyning forsiy ijodini "Muhokamat ul-lug'atayn" asaridagi ma'lumotlarga tayanib tahlil qiladi va shoirning forsiy adabiyot bilan o'n besh yoshidan qirq yoshigacha jiddiy shug'ullanganini, Xusrav, Dehlaviy, Hofiz Sheroziy va ustozlari Jomiy ijodidan chuqur ta'sir olganini ta'kidlaydi.

Kalit so'zlar: Alisher Navoiyning forsiy merosi, forsiy adabiyotining yuksak vakili, turkiy va forsiy adabiyoti, tasavvufiy g'oyalar, muhakamat ul-lug'atayn tahlili.
