Abstract: This article analyzes the issues of political, trade, economic and other cooperation between Uzbekistan and Tajikistan.

Keywords: foreign policy, cooperation, **development**, agreements, citizens, trade, economy, investment, finance, border

Today, due to the active, well-thought-out and open foreign policy pursued under the leadership of the President of the Republic of Uzbekistan Shavkat Mirziyoyev, cooperation between Uzbekistan and Tajikistan is developing. **In particular, constructive and open dialogue between Uzbekistan and Tajikistan is playing an important role in ensuring regional security and sustainable development of the region.** That is why Uzbekistan and Tajikistan are engaged in a wide range of trade, economic and humanitarian spheres, as well as in combating threats to regional stability and security.

In 2017, the trade turnover between the two countries amounted to 240 million. The U.S. dollar is at its highest level in 20 years. Flights have been launched between Tashkent and Dushanbe, and culture days have been held in both countries. In order to develop relations between the legislatures of the two countries, in December 2017, the Interparliamentary Group of the Oliy Majlis of the Republic of Uzbekistan on Cooperation with the Parliament of Tajikistan was established. In addition, in 2017, the principle "Central Asia - the main priority of our foreign policy" was put into practice.

In 2018, strategic documents were signed following the state visits of the President of Uzbekistan to Tajikistan (March 9-10) and the President of Tajikistan to Uzbekistan (August 17-18). In particular, a joint statement on strengthening friendship and good neighborliness and an agreement on separate sections of the Uzbek-Tajik border, as well as other bilateral agreements were reached.

It can also be noted that as a practical result of the first state visit of President Shavkat Mirziyoyev to Tajikistan in March 2018, an agreement was signed on certain sections of the Uzbek-Tajik border, the introduction of a visa-free regime for citizens of the two countries for up to 30 days and the operation of border checkpoints was restored. As a result of the visit, a total of 27 documents were signed aimed at developing cooperation in the fields of trade, economy, investment, finance, transport and transit, agriculture, water and energy, tax, customs, tourism, science and education, health, culture, security and combating crime, as well as regional relations.

As a result, if we look at the number of foreign tourists visiting Uzbekistan in 2018, 22.9% of the total 5.02 million tourists from the CIS countries accounted for Tajikistan.

In addition, in order to continue negotiations on delimitation and demarcation of the state border of the Republic of Uzbekistan with the countries of the army, from August 2016 to July 2018, the delegation of the Government of Uzbekistan held a total of 63 meetings with the countries of the army, including 9 meetings with Tajikistan. As a result, 99.9% of the border with Tajikistan has been agreed. More than 80 high-level and interdepartmental visits and meetings, online dialogues were organized to promote the interests of Uzbekistan. They discussed topical issues of international and regional significance, multifaceted cooperation, especially in trade and economic, investment, energy, transport and communications, cultural and humanitarian spheres, education and other priority areas.

One of the news was the joint training of Uzbek and Tajik servicemen in the framework of the strategic command-staff exercise “Center-2019”. As a result, a checkpoint connecting the Uzbek and Tajik peoples, the Bobotag border checkpoint, was opened in the village of Bogdara, Uzun district, Surkhandarya region. Of course, these strategic reforms indicate the implementation of a new policy of the President of Uzbekistan to strengthen political trust and mutual understanding in Central Asia. That is why Uzbekistan’s friendly, trusting and fraternal relations with Tajikistan are rapidly expanding and strengthening at all levels.

It should be noted that the first meeting of the Joint Demarcation Commission of the Republic of Uzbekistan and the Republic of Tajikistan was held on January 7, 2020 in Tashkent to demarcate the state border with neighboring countries in Central Asia. The approval of normative, legal and technical documents on the basis of demarcation of the Uzbek-Tajik border was an important news in the life of the two countries.

In short, as a result of joint efforts with Uzbekistan and Tajikistan, a completely new, friendly political environment has been formed in the region, and mutual trust and friendship between the peoples have been strengthening.
