Abstract: This article delves into the exploration of family values and female characters in two distinct literary works, "Days Gone By" by Abdulla Kadiriyy and "Almost Heaven" by Judith McNaught. Through a comparative analysis, the study examines how family dynamics and the portrayal of female characters contribute to the overarching themes of love, relationships, and societal norms in these novels. Ultimately, this comparative analysis offers insights into the diverse perspectives on family values and female characters presented in these two compelling literary works.

Introduction: Literature often serves as a mirror reflecting societal norms, values, and the evolving roles of individuals within different cultural backgrounds. In this comparative analysis, we delve into two compelling novels, «Days Gone By» by Abdulla Kadiriyy and «Almost Heaven» by Judith McNaught, to explore the representation of family values and female characters. «Days Gone By» is a poignant tale set in a traditional Uzbek family, where familial bonds and customs play a central role in shaping the characters' lives. The novel delves into the intricate dynamics of family relationships, portraying the struggles and triumphs of individuals within a close-knit community. On the other hand, «Almost Heaven» by Judith McNaught offers a contemporary perspective on love, relationships, and societal expectations. Through its female protagonist, the novel challenges conventional gender roles and explores the complexities of navigating personal desires against the backdrop of societal norms.

Family values play a significant role in shaping the narratives of «Days Gone By» by Abdulla Kadiriyy and «Almost Heaven» by Judith McNaught, albeit in different cultural contexts and time periods. In «Days Gone By,» the portrayal of family values is deeply rooted in traditional Uzbek customs and beliefs. The novel highlights the importance of respect for elders, loyalty to family members, and the interconnectedness of individuals within a familial unit. The protagonist's actions are often guided by a sense of duty towards his family, showcasing the prioritization of family bonds above personal desires. The themes of sacrifice, honor, and filial piety are central to the narrative, emphasizing the enduring influence of family values on individual choices and relationships.

In «Almost Heaven» explores family values through a contemporary lens, focusing on the complexities of modern relationships and societal expectations. The novel challenges traditional notions of family dynamics, presenting characters who navigate conflicting loyalties between familial obligations and personal aspirations. The female protagonist grapples with the expectations placed upon her by her family while striving to assert her independence and pursue

her own happiness. Through this exploration, the novel delves into themes of autonomy, self-discovery, and the redefinition of familial bonds changing world. Both novels delve into the significance of family values, they do so from distinct perspectives shaped by their respective cultural contexts. «Days Gone By» celebrates traditional values and the enduring strength of familial ties, whereas «Almost Heaven» interrogates the evolving nature of family relationships in a modern society. Through these contrasting portrayals, both works offer valuable insights into the complexities of family dynamics and the enduring influence of familial values on individual lives.

When it In «Days Gone By» by Abdulla Kadiriy, the female characters are depicted within the traditional Uzbek cultural context, where societal norms and gender roles play a significant role in shaping their experiences. The female characters in the novel often embody resilience, strength, and unwavering dedication to their families. They are portrayed as pillars of support within the household, upholding traditional values and contributing to the preservation of familial harmony. While their agency may be constrained by societal expectations, they exhibit a quiet determination and fortitude in navigating the challenges they face. The novel portrays the complexities of their inner lives, highlighting their emotional depth and the sacrifices they make for the well-being of their families.

In «Almost Heaven» by Judith McNaught, the female characters are presented within a contemporary Western setting, where they grapple with issues of personal agency, independence, and self-discovery. The novel portrays multifaceted female characters who challenge traditional gender roles and societal expectations. The female protagonists navigate complex relationships, confront adversity, and strive to assert their autonomy in a world that often seeks to confine them to predefined roles. Their journeys are marked by resilience, ambition, and a quest for self-empowerment, showcasing their ability to overcome obstacles and shape their destinies on their own terms.

Overall, while the female characters in «Days Gone By» and «Almost Heaven» inhabit distinct cultural milieus and face different sets of challenges, both works offer nuanced portrayals of women who navigate the complexities of their respective environments with strength, resilience, and a steadfast commitment to shaping their own destinies.
