Rasulov Zubaydullo,

Yuldasheva Feruza,

“Og‘zaki nutq amaliyoti fani (Tinglab tushunish va gapirish moduli): “Art of Speaking” nomli o‘quv qo‘llanma [matn] / Rasulov Zubaydullo, Yuldasheva Feruza, 224 b.

Ushbu o‘quv qo‘llanma Oliy o‘quv yurtlarining 60230100-Filologiya va tillarni o‘qitish (ingliz tili) ta’lim yo‘nalishi I-bosqich talabalari uchun mo‘ljallangan. Og‘zaki nutq amaliyoti fanining Tinglab tushunish va gapirish moduli talabalarga nutqning asosiy ikki jihatini, ya’ni gapirish va tinglashni rivojlantirishga qaratilgan. Ushbu modulda gapirish malakalari orqali talaba o‘z fikrlarini aniq va ravon ifodalashni o‘rganadi, tinglab tushunish esa muloqot jarayonida eshitilgan nutqni to‘liq anglash va tushunish qobiliyatini oshiradi.

Modulning asosiy xususiyatlari:

Gapirish ko‘nikmalari: Talabalar o‘z fikrlarini aniq, izchil va tushunarli tarzda ifodalashni o‘rganadi. Bu jarayon nutqning turli janrlarida (muloqot, munozara, ma’ruza, intervyu va boshqalar) ishlashni o‘z ichiga oladi.

Tinglab tushunish: Bu komponent talabaga eshitilgan nutqni to‘liq va to‘g‘ri tushunishni o‘rgatadi. Talaba nutqni tezda anglash, kalit g‘oyalarni ajratib olish va so‘rovlar bo‘yicha javoblar berish malakalarini rivojlantiradi.

Amaliy mashg‘ulotlar: Mashg‘ulotlar ko‘pincha muloqot, suhbat, rol o‘ynash, guruhli ishlash va boshqa interaktiv usullar orqali amalga oshiriladi. Bu talabalarni real hayotdagi nutqiy vaziyatlarga tayyorlaydi.

Tilni o‘rganish jarayonidagi interaktivlik: Talabalar nafaqat tinglash va gapirishni o‘rganadi, balki bu ko‘nikmalarni bir-biriga uyg‘unlashtirishni ham o‘zlashtiradi. Masalan, suhbatni tinglab, javob berish yoki fikr almashish kabi vazifalar.

Ushbu modulning asosiy maqsadi – talabalarning og‘zaki nutq malakalarini kengaytirish va ularni muloqotda samarali bo‘lishlariga yordam berishdir. Mavzular doirasida qiziqarli savollar, testlar bilan bir qatorda glossariy o‘z ifodasini topgan.

Introduction

Teaching English is being improved to the new quality degree based on new informative communication and pedagogic technologies which are worth demands of new period in the modern educational system of Uzbekistan. Taken decisions which are made in order to perfect absolutely to prepare system of specialists who can speak in foreign language completely, to provide continuousness of educational operations are intensifying attention of learning language. Such attention is demanding from teachers in educational process to know how to utilize modern pedagogic and innovative technologies in an effective way as well as know productive ways of developing communication skills of learners in foreign language.

Our President Shavkat Mirziyoyev Miromonovich is paying much attention to improve literature, culture and art greatly. As he mentions in his speech “Speaking about the development of the cultural and humanitarian sphere, first of all, it should be noted that this year 12 important documents related to the issues of culture, foreign language and literature were adopted. In order to increase the role and significance of creative unions in the life of the country, to strengthen their material and technical base, the Public Fund for Support of Creative Persons of Uzbekistan has been established”.¹

With the approval of Presidential Decree «On measures for the further development of the higher education system» as of April 20, 2017 № 2909 there have been a lot of improvements and changes in Higher Education System. This gave a way to professionals of this sphere to search for new methods, techniques, create informative and literary sources, using new information technologies and others in education system.

This manual is designed to strengthen and develop students’ knowledge of literature and foreign language teaching methods. Students will learn about new

¹Mirziyoyev Sh.M. Critical analysis, strict discipline and order as well as personal responsibility must a daily rule of every official’s daily activities. – T : Tashkent: Uzbekistan. 2017 – P.234.

ways of teaching a foreign language, as well as how to do it in an integrated way.

This manual is divided into fifteen lessons. Each lesson introduces methods of teaching and learning a foreign language, strategies for teaching a foreign language in an integrated way. It provides information on psychological factors and language learning problems. All of the themes open a discussion on how to conduct speaking classes using diverse communicative methods and techniques. It provides information on approaches and types of teaching speaking classes.

In each lesson, brainstorming questions help to elicit the explanation of the topics and reinforce activities and knowledge about the topic. It encourages students to explore ways to teach a foreign language, and to think about the differences between them.
