The tutorial is designed for students majoring in 60111800 – Foreign Language and Literature (English) and 60112600 – Foreign Language (English) in Preschool and Primary Education. The given concepts, goals and objectives help to increase students' lexical competence and to improve the ability expressing spontaneous points in different situations and act as precursor in raising the level of lexical competence from B2 to C1.

"Vocabulary in use" tutorial consists of 14 sections, which are enriched with theoretical and practical materials, as well as independent study assignments, articles on linguistics and references from abstracts.

The list of used literature includes foreign scientific literature and Internet resources used in the tutorial. Each topic is enriched with a variety of new methods and techniques, and each lesson is followed by questions, exercises, tests and tasks for self-examination.

Another important aspect of the tutorial is that it covers a wide range of innovative techniques, from the cover to the interior, using modern methods.
